# Hope & Healing!

HELPING LEADERS ASSIST THOSE STRUGGLING WITH PORNOGRAPHY

**This live FREE webinar** will present and examine practical steps that can be taken to help pornography users have victory in their struggle.

We will present a broad approach to the problem of pornography use, combining grace and mercy with tough love and accountability.

Topics may include:

- Protecting all devices connected to the Internet
- Accountability partnerships
- Support groups
- Personal one on one counseling
- Renewing the mind through prayer and Bible study
- Confession and repentance
- Participation in the sacraments
- Week-end or week-long intensive programs
- Developing a culture of grace, love and forgiveness
- Restitution as a step toward healing

## The Reality

Pornography is everywhere. It is readily available through the Internet and is accessible on our smart phones, computers, I-pads and other electronic devices. Much of it is free and gives a false sense of privacy and security.

## The Problem

Pornography is no respecter of persons, positions or titles. Its impact within the faith community has reached epidemic levels. Pornography destroys marriages, families and the souls of its users.

## The Solution

Real help and healing is available. This is the calling of the faith community. Within the context of grace and God's forgiveness there is hope for victory and lives of purity.

## Who is this for?

Pastors, priests, counselors and faith community leaders — all those who are called to bring hope, help and healing to others — will be blessed by participation in the webinar.

**LIVE WEBINAR PRESENTERS** Nick Stumbo of PureDesire & Rick Kardos of the Nathan Project

As a third-generation pastor, **Nick Stumbo** observed the fallout of sexual brokenness and devastation in the lives of men and women in the church and recognized, like never before, the need for a culture of grace in the Church.

Confronted with his own addiction to pornography, Nick and his wife, Michelle, found hope and healing through the counseling and group ministries of Pure Desire. Following his healing, Nick stayed connected to Pure Desire through group

leadership and has authored two books, *Setting Us Free* and *Safe*. Today, as the Executive Director for Pure Desire, Nick continues to believe that the Church can become a place of healing and that Pure Desire is leading the way.

**Rick Kardos** co-founder and executive director of the Nathan Project, has served his entire ministry career bringing healing to men and the spouses and families of those men who struggle with compulsive use of pornography and sexual addiction. 14 years

ago he left the business world to become executive director for the National Coalition for the Protection of Children and Families (now Pure Hope) in New England. Rick and his wife Vicki, co-founder of the Nathan Project now minister to the sexually broken; equipping

and encouraging them through counseling and 45 or more recovery groups spread over the six New England States.
